THE KOHLER PROAM

October 13 - 16, 2018

INCREDIBLE GOLF. AMAZING DESTINATIONS.

Golf Experiences as Amazing as the Destinations. Whistling Straits in the fall plus Packers football.

We will play the finest of courses in the Lake Michigan area; Whistling Straits, The River Course and The Meadow Valleys. And, we will tailgate at a Packers football game with VIP seating. Memorable golf and bucket list football will make this fall ProAm one you won't forget.

THE GOLF

Whistling Straits

There's a reason this course is called Whistling Straits. Designed by golf legend Pete Dye, Whistling Straits meanders along 4 rugged miles of Lake Michigan. Fescue fairways, massive sand bunkers, and rugged terrain define this iconic beauty. Windswept bluffs and dramatic carries test the worthiest of players and make for fall golf at its finest. Home of countless major golf events, the Straits will host the 2020 Ryder Cup matches. This course sits atop many a bucket list, and will serve us well in our Kohler ProAm.

where the Winnebago's and Algonquins hunted and fished on the bank of the Sheboygan river, The course was designed to blend with the land's natural beauty; the result is nothing less than spectacular, with water on more holes than not, and cavernous gorges requiring big carries and precision landings. Fall foliage here should be prolific and wondrously beautiful.

The Meadow Valleys Course at Blackwolf Run

The River Course at Blackwolf Run

Not to be outdone, the River course offers its own version of spectacular fall golf. Pete Dye designed this 18 hole layout

Equally magical is the Meadow Valleys layout, winding its way through the Wisconsin countryside. Wide ravines and narrow fairways await us to make calculated golf shots where precision and accuracy are rewarded. The pristine nature of the land in its natural state along with the beauty of fall await us in our quest for golf perfection.
